

MP State Portal & SSDG

State Service Delivery Gateway (SSDG) project formulated under NeGP aims to fulfill the vision of Govt. of India to deliver services to the citizens through remote access and enabling the State Portal by implementing the key components viz. SSDG, electronic Forms, applications & computing infrastructures)

SP and SSDG Project objectives:

- Providing easy, anywhere and anytime access to Government Services (both Information & Transactional).
- Reducing number of visits of citizens to a Government office/department for availing the services.
- Reducing administrative burden and service fulfillment time & costs for the Government, Citizens & Businesses.
- Reducing direct interaction of citizen with the Government and encourage e-interaction and more efficient communication through portal.
- Enhancing perception & image of the Government and its constituent departments.
- Promotion of uniform web interfaces across Government and build in synergies with the National Portal of India (NPI) using the National Service Delivery Gateway.
- Delivery of services through Common Service Centres (CSCs) by leveraging the common infrastructure (SWAN, SDC etc.) and development of the applications and infrastructure required for deployment of State Portal and State Service Delivery Gateway (SSDG) for the State.
- Publishing the static data and all information of the State departments.
